

3 Black Hall Club

- Old Lyme, Connecticut -

**Green
Depth
40**

The left center of the fairway is the ideal place for your tee shot on this difficult par four. A well placed tree will be in play for any second shot played from the right side of the fairway. Two fairway bunkers on the right are also in play. Short is a good place to miss this well bunkered green. Pin – high off the green on either side will usually require a challenging bunker shot to this large green. Red dot • indicates position of above view.
